

Hassle-Free, Year-Round Fundraising

WITH OUR

Self Service Student Store.

FREE. No upfront expense to your school for equipment or product inventory.

EASY. No more work than cashing a check! We handle all equipment servicing and product rotation, so your volunteers will have no additional work added to their already busy schedules.

CUSTOMIZEABLE. We start with a sticker machine, and can add gel pens, erasers, and pencils, depending on your school's needs.

CONSTANT USE. Our machine offers a rotation of cool kids stickers, gel pens, erasers, and pencils. These products are refreshed regularly, so the machine remains relevant to students in your school.

REGULAR FUNDS. A percentage of all machine revenues go directly to the school, PTA, or PTO following each service cycle.

NO ELECTRICITY NEEDED. Our equipment is 100% mechanical.
